

# MACDE Job Postings

***I have a job I'd like posted to the Minnesota Association of Conservation District Employee's (MACDE) Website, what should I do?***

First, send your posting to the Current MACDE President. The President will determine if the position should be posted to the MACDE website, and will then forward it on to the website Administrator.

If you have any further questions, they can be directed to your Area Director (<http://www.macde.us/board.htm>).
